GDPR Compliance in Open Source Software

You are invited to participate in our interview about implementing the GDPR in open source software on GitHub. To participate, please complete this brief survey to provide background information and details about your experience implementing data privacy regulations in open source. You must be 18 years or older to participate. Your responses will remain confidential and be presented in aggregate. Upon completion of the survey, you will be entered into a random drawing to win one of two \$100 Amazon gift cards. Please contact <anonymized> with any questions or concerns. Thank you for your time.

* In	dicates required question	
1.	Email *	
2.	How many years of open source software (OSS) development experience do you have?	*
3.	How many years of overall software development experience do you have?	*

Do you have experience implementing GDPR regulations? * Mark only one oval. Yes No Please explain: What impact, if any, do you believe the GDPR and similar data privacy regulations have had on data security and privacy?	Mark only one oval. Yes No Please explain: What impact, if any, do you believe the GDPR and similar data privacy	What open source projects do you contribute to, if any?
